CITY OF MCFARLAND

TO: Honorable Mayor and Council Members

FROM: Kenny Williams, Interim City Manager
Mario Gonzales, Public Works Director

DATE: December 9, 2021

SUBJECT: Introduction of ***Ordinance NO. 0008-2021*** Regarding Adding Organic Waste Disposal Reduction Requirements to the McFarland Municipal Code

SUMMARY:

Senate Bill No. 1383 (SB 1383) was signed into law on September 19, 2016, to reduce organic waste disposal by 75% and increase edible food recovery by 20%, by 2025. SB 1383 is the most significant waste reduction mandate to be adopted in the State of California in the last 30 years and requires all jurisdictions to implement a mandatory organic recycling ordinance by January 1, 2022. This Legislation requires all businesses, residents, and multi-family apartments to have access to recycling programs that capture food scraps, landscaping waste, among other organic waste materials.

As a result of SB 1383, the California Department" of Resources Recycling and Recovery (CalRecycle), which is the state department tasked with administering California's waste and recycling programs, developed prescriptive regulations to achieve the State's outlined organic waste disposal goals by 2025. Over the last two years, CalRecycle conducted informal hearings with local governments and stakeholders to develop regulations to achieve the State's organic waste reduction mandates. In November 2020, CalRecycle released the final regulations for SB 1383. The City of McFarland new ordinance will provide the state assistance in achieving this goal disposal and food recovery by 2025. All residential and commercial zones will be assisting in achieving the state's goal.

RECOMMENDATION:

Staff recommends the City Council to approve Ordinance No. _____ and implement an organic refuse disposal program within the City partnered with Authorized Contract Agency.

FISCAL IMPACT:

LEGAL FEES – ATTORNEY REVIEW. INCREASE IN UTILITY COST FOR ALL COMMERCIAL AND INDUSTRIAL BUILDINGS. (NO UTILITY COST OR IMPLEMENTATION FOR RESIDENTIAL TIL 2024.)

Such notice will be provided via a cart tag or other communication immediately upon identification of the Prohibited Container Contaminants or within 10 days after determining that a violation has occurred. If the City observes Prohibited Container Contaminants in a generator's containers on more than three (3) consecutive occasion(s), the City may assess contamination processing fees or contamination penalties on the generator.
4. With the exception of violations of generator contamination of container contents addressed under 8.11.110(D)(3), City shall issue a Notice of Violation requiring compliance within 60 days of issuance of the notice.

1. Acts of God such as earthquakes, wildfires, flooding, and other emergencies or natural disasters;
2. Delays in obtaining discretionary permits or other government agency approvals;
or,

3. Deficiencies in Organic Waste recycling infrastructure or Edible Food Recovery capacity and the City is under a corrective action plan with CalRecycle pursuant to 14 CCR Section 18996.2 due to those deficiencies.

H. Appeals Process

Persons receiving an administrative citation containing a penalty for an uncorrected violation may request a hearing to appeal the citation. A hearing will be held only if it is requested within the time prescribed and consistent with City's procedures in the City's codes for appeals of administrative citations. Evidence may be presented at the hearing. The City will appoint a hearing officer who shall conduct the hearing and issue a final written order.

I. Education Period for Non-Compliance

Beginning January 1, 2022 and through December 31, 2023, City will conduct Inspections, Remote Monitoring, Route Reviews or waste evaluations, and Compliance Reviews, depending upon the type of regulated entity, to determine compliance, and if City determines that Organic Waste Generator, Self-Hauler, hauler, Tier One Commercial Edible Food Generator, Food Recovery Organization, Food Recovery Service, or other entity is not in compliance, it shall provide educational materials to the entity describing its obligations under this ordinance and a notice that compliance is required by January 1, 2022, and that violations may be subject to administrative civil penalties starting on January 1, 2024.

CITY OF MCFARLAND

FROM: Kenny Williams, Interim City Manager

DATE: December 9, 2021

SUBJECT: ORDINANCE CHANGES RELATED TO LARGE COMMERCIAL VEHICLE PARKING

SUMMARY:

Staff was directed by Councilman Saul Ayon to bring a drafted resolution for parking locations. Due to the demographics and layout of the existing city limits, there were no appropriate locations to designate for commercial truck parking within the city limits. There are a couple businesses within our sphere of influence that commercial truck can park overnight and be protected.

Staff has drafted an amendment to the McFarland Municipal Code to address the concern with commercial trucks parking in residential areas and damaging the roads within the city. The roads are not constructed to withstand the weight and capacity of the trucks. With review of the City Attorney, minor changes to the ordinance will help solve some of the concern Councilman Ayon has and will help the city benefit entirely.

In the future, there may be an industrial park created through the proposed annexation that may allow the city to designate a parking area in the industrial area. As of now, all industrial zones are adjacent to residential or across from residential areas.

RECOMMENDATION:

Staff recommends the City Council to open the public hearing, receive public testimony, waive the reading of the ordinance text in its entirety, read by title only, and introduce for reading Ordinance No __-2021 Amending McFarland Municipal Code 10.08.060, 10.10.190, 10.10.220, 10.10.230, and 10.10.240.

SUBJECT: Report, Discuss, and Give Staff Direction Pertaining to City Surplus Land.

SUMMARY:

Staff was contacted by multiple developers regarding city excess land that has not be developed. Due to the surplus land act, the city will have to give low-income housing priority. Commercial and industrial development will have to enter bids at the appraisal price and wait for availability to purchase from City. There is a state mandated we are required to follow to sell/lease surplus land. The Community Developer department will need to partner with the City Attorney to make sure all items are approved by the state and no laws are violated in the process of any sale/lease.

Staff would like direction on how council would like to proceed. Some of this land include well sites that are not in use and have been abandoned. The city has created a list of city owned land for council.

RECOMMENDATION:

Staff recommends the City Council to direct staff on how to proceed with land owned by the city. Option 1: Direct staff to select land through a review process with the economic development team and brings to council for approval to surplus and start process. Option 2: Direct staff to not proceed with any surplus of land.

FISCAL IMPACT:

NONE.

MEMORANDUM

CITY OF MCFARLAND

TO: Honorable Mayor and Council Members

FROM: Kenny Williams, Interim City Manager
Larry A Ronk III, Interim Community Development Director

DATE: December 22, 2021

SUBJECT: Report, Discuss, and Give Staff Direction Pertaining to creation of a committee for Animal Control Euthanasia Protocol.

SUMMARY:

Staff has discussed that there should be a committee who reviews all dog scenarios for each dog that stays at the shelter for a period of time. When all efforts for adoption and rescue are exhausted, many dogs remain at the shelter for months which creates an issue for the officers who receive calls and complaints about strays within the city. As of now, our shelter has been full and many of the dogs have been there months. There has been a struggle through California to get dogs rescued and adopted.

The city would council to give direction on possibly creating a committee for the Animal Control Euthanasia protocol to allow for a better process of animals at the shelter. This committee would meet and discuss the action taken on any dog that has had all its options for rescue and adoption. Within the shelter now, the protocol is up to the discretion of the chief of police, and we find that it would be a better option to have a committee created of councilmen, staff, and a couple of locals to be part of it. This will allow for it to be transparent with the residents and locals that a committee decided rather than a certain person. This creates the ability to hear more than one person's thoughts.

RECOMMENDATION:

Staff recommends the City Council to direct staff on how to proceed with possibly creation of a committee for Animal Control Euthanasia Protocol.
